

Welcome...

to the 1st Pennsylvania Wine Festival, and the "deVine" world of Pennsylvania wines! We hope you will savor this experience . . . enjoy our "deLicious" Pennsylvania wines and foods . . . appreciate the seminars, cooking demos, vendors, and entertainment . . . and take home thoroughly "deLightful" information and memories. It is our goal to inspire you to continue learning about the exciting regional wines of Pennsylvania. This Festival will be a success only if you continue to visit the tasting rooms of our 90+ wineries, ask for regional wines at your favorite local restaurants, choose Pennsylvania wines with pride at the state Wine & Spirit Shoppes, and help us spread the word by telling your friends and neighbors about the world class wines they can find right in their own backyards.

On behalf of the Pennsylvania Wine Association, the more than 25 participating wineries, the Pennsylvania Department of Agriculture, and our sponsors, vendors, chefs, and craftspeople, I sincerely thank you for attending the first *It's deVine* Wine Festival. Special thanks also to the Hersheypark Sports and Entertainment Complex for their extraordinary assistance in making this special event possible.

Let's all toast the future of Pennsylvania wines and the **SECOND** *It's deVine* Pennsylvania Wine Festival in 2006!

"I am so excited to be a part of this festival and celebrate all the incredible food and wine that comes from our state. I am very proud to be a native of a region that produces such bounty, quality and variety."  
*Dave Lieberman*

Dave Lieberman, one of the Food Network's charming Celebrity Chefs and star of "Good Deal with Dave Lieberman," has won viewers over with his relaxed, agreeable style. You might say he is the epitome of "culinary cool." His new cookbook, "Young & Hungry," features his niche approach to cooking frugally and shopping efficiently. "I think social situations are the best reason to get into the kitchen," Dave comments. "If I can get people excited about good food, that will be very rewarding."

A native of Philadelphia, Dave's love of food preparation developed through his close relationship with his father who loves to cook. These skills continued to grow through his college years at Yale. His culinary experiences were enhanced in more informal ways through working at various Philadelphia restaurants, world travel, and living with a retired chef during his junior year.

While at Yale, he convinced several of his fellow students to put together a cooking show. Their "Campus Cuisine" quickly gained a following on the local cable access station. Shortly thereafter, he was discovered by the New York Times and then by the Food Network.

The PA Wine Association is pleased to have Dave join us to present two cooking demonstrations at the 1st Pennsylvania Wine Festival, cooking with and pairing food with Pennsylvania Wines.
